## Statement on the REACH regulation

With regard to **Regulation (EC) 1907/2006 concerning Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)**, Caldaro AB here by confirm that we supply articles (not chemicals) which are not intended to release any substances under normal conditions of use.

Based on our own internal analysis of the raw material used in the manufacturing of Caldaro AB articles, we hereby declare that these articles and their packaging do not contain Substances of Very High Concern (SVHC) above the threshold value declared as per ECHA as of July 16, 2019 with 201 SVHC.

Regulation (CE) n° 1907/2006 with regards to ECHAs candidate list last updated 16/07/2019 published in accordance with Article 59(10) of the REACH Regulation).

Our intention is to replace any substance in our articles that are listed on the SVHC list with a suitable one. We are fully aware of our duties according to article 33.1 and will inform our professional users if we have a substance listed on the SVHC list in our articles and if the concentration value is higher than 0,1 %.

Caldaro always complies with current legislation within the geographical markets we are subject to, and we always try to avoid use of hazardous substances in both our articles and production processes.

Yours sincerely,

CALDARO AB
